YOUR MISSION

The year is 2025. Terrorists attacks at an all time high around the world. The US goverment has failed in previous attempts to keep it under control. In a last ditch effort, they have enlisted an experimental genetically enhanced super soldier. His name is Sgt. Eric Briggs.

Sgt. Eric was badly injured in combat and the only way to save him was to use the experimental "Super Soldier" drug on him. Luckily, he was healed and his strength, agility, overall physical prowess was increased 10 fold.

Since all other attempts by the US goverment failing to stop terrorism, they decide to send out Eric as a last ditch effort. He alone will be responsible for taking down terrorist in 6 different parts of the world. Working alone will not be an easy task, but it also gives him an advantage because they will not expect one man to challenge them. Luckily that one man is Super Soldier Sgt. Eric Briggs!

STAGES

Vietnam
You start the game dropped off by a helicopter in the a remote Vietnamese Jungle town, damn, that is harsh. You have no gun, just your fists and grenades. Fight your way through until you get a gun and can really start kicking ass. To finish the level, you need to take down a helicopter.

Praha
Next up, you are transported to Praha (Prague) and sent into a warehouse to take it down.
Once out of the warehouse, you will take on a gaint submarine,.

Vladivo
After defeating the submarine, you are now in a shipyard, tearing up enemies left and right. A few planes are around for some reason, but after you get through there is a full blown tank that you need to defeat.

Colombia
Now comes the hard part, killing bad guys on a fast moving train, wild west style. It sounds tough, but then you remember that your Eric Briggs: Super Soldier and then it is kind of unfair to them. Waiting for you at the end of the level is an even more beefed up helicopter.

Afgan
Yippee, now your dropped off in the Afgan. Battle through a massive building, killing everything in site, including a floating statue that looks like Budda. Then to finish the level, you need to take down another weird floating statue.

Shatol
Now last stage is a futuristic missle silo,to get though. Your almost there, a few more guys to kill and your the hero. Now to defeat the game and world terroism,take down the Mega-Shuttle.

CODES AND SECRETS

Remember that pressing the SELECT button a certain number of times will start the game from the corresponding level. For example, if you hit the SELECT button four times, you'll start from the fourth level.

To add yourself some free life energy, just press SELECT with all four other buttons on your controller. Or you can try pause the game and press SELECT + A, or SELECT + B.

If you press SELECT + A/B, you'll get ten free lives.
